There is a large increase in scatters on clubnights – the MSA now want to see the clue sheets as well as scatters points and these will also need to be sent to the RLO's.
RLO – Derek Slater – a busy few weeks, get your routes in early as time is needed to get everything authorised.
FLO - Rod Parkin – Forestry Commission fees for 2019 are going up by 5%. First use will be £796.00 per mile.

Hopefully 5 or 6 courses - a new “refresher” type course.
Any individual club training courses can be booked directly with Bob.

LARA – John Spencer reported they had had their AGM (minutes not available yet). Their funds are depleting with all the “battles” they are fighting. It was requested an additional donation of £250.00 could be made? Yes – proposed John Spencer & 2nd Bob Wright.

MSA Regional Committee – CW reported various things from the MSA Technical Committee meeting on the 13th June - copy of the notes are enclosed.

RDO – Heidi Woodcock reported that she has been out and about and spent time with various clubs this year and would like to thank everyone for all their help and support.
Club of the Year and Volunteer of the Year are now open until November with a New format this year. Guidelines are on the MSA website in the resource centre. I am encouraging all clubs to enter and go for it. Only submit one application per club for either club or volunteer of the year.

Introduction to coaching course (Motorsport) - I emailed all the clubs in the region and I have had interest from a few clubs to attend. The date and venue will be finalised soon and there are still places available. If it is a success in the area the course will run again. To join this contact me direct yorkshire@gomotorsport.net

Taster Events - Its a poor uptake of this great opportunity for people to try a new discipline. I have a set of guidance notes available and did you know that when finding new venues and holding a taster event, there is a £150 grant available to help the club. Want to know more? Ask me yorkshire@gomotorsport.net

At the June meeting I read out a list of 23 clubs who had had people take passenger rides at Speedmachine in May. The MSA had contacted the clubs stating the names of the people who had taken the rides were available by request. They had also conducted a survey following the event and the results can now be found in the club resource centre.

100% said they would experience a passenger ride again

87.5% currently NOT involved in motorsport

78% of those then felt inspired to get involved in motorsport right through competitor, marshal, social.

Clubs can hold passenger ride events too and conduct a survey similar to gain an insight and please share the findings with us at the MSA and Go Motorsport

This month D2BD which is Dare to Be Different has been launched which is giving 120 girls between the ages of 13 - 18 years a chance to try motorsport at a free event at Silverstone on 28th October. Currently only 5% of MSA competition licence holders are female. This event will hopefully will inspire the next generation. If you have

anyone interested or would like to know more please visit the MSA website or contact me direct
yorkshire@gomotorsport.net.

Greenpower are running a closed road event in Hull City Centre March 2019 and we need to team up with a local motor club to assist with running the event. The greatest need will be for marshals. If you would like to be the club to be involved or are happy to help out marshalling please let me know. I have contacted the clubs closest to the event as this is a fabulous opportunity to do club promotion. Contact me at yorkshire@gomotorsport.net

If you would like me to visit your club and help you move forwards with anything above or look at ways to increase your memberships please contact me straight way.
