ANCC clubs are advised to contact RLO's before starting any PR or advertising activities as routes may not be suitable and other more appropriate routes may be available.

9 - Championship Co-ordinators Reports

Road Rally - CW on behalf of SS, considering the very few events within the ANCC area this year, a successful Road Rally championship has been co-ordinated, there is now a healthy number of competitors and there are 2 new proposed events for 2023.

Stage Rally - CW, a healthy number of registered crews for the 2022 championship. The final round was Malton Forest Rally which has already taken place so results for the championship are now provisional and will remain so until the 7th December. All registered contenders have been notified via email and the results are published on the website.

Classic / Historic - No current co-ordinator, Bob Hargreaves has offered to assist but does not want to take this role on in its entirety.

Autotest Championship - due to the lack of interclub events it is proposed that this is not going to be pursued in future.

11 - Correspondence – None

12 – RLO/FLO/MLO/LARA/Training Officer

MLO (Military Liaison Officer), a newly taken up role by Phil Hall. Phil has previously been in the RAF & RAF Motor Club and brings with him contacts within the MOD estate, with these and current MSUK contacts and links his role is to build on these to match and pair Motor clubs with Military land which could be made available for Motorsport events. Phil is already negotiating with a couple of new venues and these discussions are ongoing. Phil's contact details will be in the 2023 MSUK Yearbook but if any clubs would like his contact details beforehand please contact the ANCC.

RLO (Road Liaison Officer) - PS, nothing to add at this time

FLO (Forestry Liaison Officer) - RKP, not had sight of the new Master Agreement, as far as events it appears that the forestry in North Yorkshire are not very supportive of any more events other than the three current established events – Riponian, Rally Yorkshire and the Malton Forest. Although submissions for new events have recently been proposed but at this time all these events have been declined permission.

13 - MSUK/Regional Committee

Rallies Committee - CW advised that a proposal has been made to Rallies Committee to increase or remove the Max average speed requirement, this has subsequently been put to the Safety Committee for review. The Safety Committee has set up a working group to further investigate and at this stage are looking for data from Safety Delegates and Timing officials. It has been noted that this may be an incorrect data source as a more effective metric would be to look at incidents occurring around artificial features introduced to reduce average speeds.

Iain Tullie MSUK - CW advised that The Rallies Executive (Iain Tullie) has handed in his notice to leave MSUK.

It is proposed that the ANCC compose a letter to Hugh Chambers & David Richards expressing our deep concern with this development and the impact this will have on the Motorsport community, it was agreed a letter should be composed to express our concern.

It was concluded that Iain is extremely well respected, is moving the sport forward, and in our view would be a grave loss to Motorsport UK, the Delegates present expressed deep concern about the direction of MSUK going forward.

Club Development Fund - CW, only six applications were made in 2022 and only three of these were successful, if any clubs have any requirements for funding please make an application, advice on what may be considered is available so please contact the ANCC.

Club / Person of the year - The time for Nominations for Club / Club Person of the year has been extended by MSUK, if you want to propose a club or person please get your nomination into MSUK.

BRSCC - The British Racing and Sports Car Club Northern Centre has now been disbanded following a recent AGM.
